

SECUR-SERV

Cybersecurity Packages

Cyber resilience for small businesses

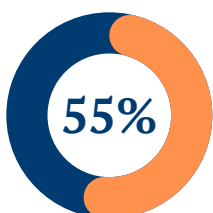

Crafted for small to medium-sized businesses our security packages offer comprehensive solutions to identify potential threats, protect digital assets, detect anomalies, respond swiftly to incidents, and ensure a robust recovery process. Secur-Serv® empowers businesses to navigate the digital landscape with tailored measures at each step with confidence and resilience.

Secur-Serv CyberVue

Elevate your cybersecurity defenses, uncover external vulnerabilities, and get recommendations to fortify your organization's digital resilience. The Secur-Serv CyberVue risk assessment is a one-time engagement.

Included in the package:

- ▶ Scan externally visible IPs and URLs including ports, protocols encryption, websites and more
- ▶ Microsoft 365 Secure Score Analysis and action items
- ▶ Security report with critical and prioritized action items, security posture scores and recommendations

55% of SMBs don't have a cybersecurity plan due to lack of resources or knowledge.

Secur-Serv CyberShield

Navigate the complex landscape of cybersecurity with confidence, expert guidance, and strategic oversight essential for a proactive cyber defense.

Included in the package:

- ▶ Cybersecurity strategy roadmap
- ▶ Monthly security status reporting
- ▶ Risk/Vulnerability assessments with infrastructure security score
- ▶ Interactive security and compliance dashboard
- ▶ Real-time dark web monitoring, alerting and reporting
- ▶ Microsoft 365 hardening, security posture review, license reconciliation, shadow IT threat alerts
- ▶ Incident response support team available 24x7
- ▶ Annual security awareness training, phishing exercise
- ▶ Cyber insurance consulting for rate optimization

76%

of cyber attacks happen after hours or during the weekend
