

SECUR-SERV

# Secur-Serv CyberShield

## *Architecting Cyber Strength for SMBs*

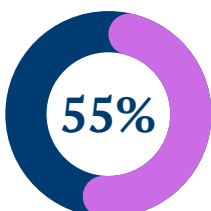

Finding and keeping good security professionals is hard, and many growing businesses can't justify hiring a full-time person. But you expose your company to risks when these positions go unfilled. CyberShield, Secur-Serv's® cybersecurity package, allows you to assess your security posture, examine policies and procedures, and ensure your strategy and tools protect you.

### Secur-Serv CyberShield

Enhancing your data protection program involves harnessing expert guidance to address process, procedure, and technology gaps effectively. Partnering with an experienced security expert who comprehends your business empowers you to execute and advance a robust security strategy, safeguarding your sensitive data for the long term.

Secur-Serv's CyberShield offers vital cybersecurity services for small businesses. Collaborate with our cybersecurity team to craft a tailored cybersecurity roadmap, complete with scheduled reviews, access to a 24/7 incident response team, and more. Fortify your strategic security approach with CyberShield.

of SMBs don't have a cybersecurity plan due to lack of resources or knowledge.

### Top Tier Security

Navigate the complex landscape of cybersecurity with confidence, expert guidance, and strategic oversight essential for a proactive cyber defense.

#### Included in the package:
