Maintenance Plans for Your Scanners

Scantron scanners are trusted worldwide for their reliable OMR and imaging solutions, providing accurate evaluation and assessment tools for classrooms, institutions, and governments. As the only authorized service provider for over 50 years, Secur-Serv® specializes in maintaining your Scantron scanners to ensure peak performance.

Scanner Maintenance Plans

A maintenance plan can extend the lifespan and reliability of your Scantron scanning equipment. As the only authorized service provider in the United States and Canada, Secur-Serv offers multiple service plans to meet your needs.

✓ **On-site**
With 200 highly trained technicians, equipped with an inventory of original manufacturer parts, Secur-Serv provides onsite service, solving most issues on the first visit.
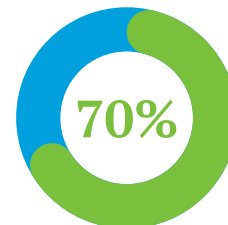

✓ **Central Exchange**
If a hardware issue occurs, contact the support center for diagnosis. If it's a hardware failure, Secur-Serv will send a replacement, and you return the faulty scanner once the new one arrives.

70% reduction in the likelihood of unexpected equipment failures can be achieved through regular maintenance

✓ **Depot Services**
Depot maintenance offers full coverage without the need for same-day service. Simply ship your scanner to us, and we'll repair and return it within three business days.

✓ **Enhanced Depot Services**
Advanced exchange of your scanner delivered next-day air service. Plus, your original device is returned promptly once repaired, ensuring minimal downtime.

Secur-Serv's maintenance plans are designed to keep your Scantron scanners performing at their best. Trust the only authorized provider to deliver the exceptional care and support you deserve.
